WHAT ELON THINK ABOUT DELIZIA PROJECT

- In terms of priority of products , I think the most important products development we're doing this year is actually the 'Delizia project' Human Robot.
- This I think has the Potential to be more Significant than vehicle business over time.

ELON MUSK,
Techno king of Tesla

Delizia Project

The Heart Of Delizia

Delizia project has a goal of building and fostering the largest community while helping to provide exposure and resources to some of these innovations. Developers will have the ability to apply for grants through the Delizia project Venture Fund, and the community.

There will be hundreds to thousands of use cases that welcome about utilizing this groundbreaking technology. DELIZIA PROJECT to be at the forefront of this innovation by bolstering and fortifying developers to harness this technology and bring it to the Blockchain.

Delizia project has a goal of building and fostering the largest AI community while helping to provide exposure and resources to some of these innovations. Developers will have the ability to apply for grants through the Delizia project Venture Fund, and the community.

POWER OF MEMES COMBINED

Delizia project is the solution, providing top-tier meme quality with maximum exposure capacity. Elon feels it's important for empower humankind with knowledge Helping to evolve our species.

Our community feels similar and thus it will focus on the educational aspect of AI both inside and outside the blockchain.

There's one thing AI will never replace: The spirit and passion in a like-minded community striving together for a common goal. What better to build this collective, than the energy created by a powerful meme

Because one thing is clear, AI is here to stay. Will you utilize its power or will you be left behind
